

KONA ONE DESIGN GROUP PURCHASE

Once again a group purchase deal is being organized in order to continue the growth of Kona One Design racing in Canada. This board is not only for racing but is a board that works in all kinds of conditions and is good for all ages and levels of windsurfers. Listed below is the price of a new Kona and full rig. Unfortunately we in Canada have to add GST to the cost. To find out more about Kona go to www.konaone.com. At the moment we are just collecting names and sail size from people who may be interested in this offer. No deposit is needed until the order is in. This will be for next season and will allow some of us to save our money for the purchase. The goal will be to have the equipment by April or May 2012. All I need is for people to email me at andree.gauthier@rogers.com stating whether you are interested in purchasing a Kona as a group and what size rig you would require. I would also need to know what area you live in as I will have to organize getting the equipment to you somehow. Also if you are just looking for a rig or board only just say so and I will get you the cost. At the moment we do not know the cost of rig only or board only.

Price List as of July 27, 2011 for a group purchase with recommended weight range for sail size:

Kona + 5.0 rig \$2020	(Cadet)
Kona + 5.8 rig \$2050	(Cadet)
Kona + 6.5 rig \$2100	(<65 kg- 143.3 lbs)
Kona + 7.4 rig \$2115	(65-75kg- 143.3-165.3.lbs)
Kona + 8.2 rig \$2180	(75-85kg- 165.3-187.4 lbs)
Kona + 9.0 rig \$2200	(+85kg)
